

Sunflower

*Summer Breeze Mix**

Blooms average 4–6" and have minimal pollen

Great diversity of color and shape, shorter, more compact, and easier to manage

PERROT MEMORIAL LIBRARY

Seed Library

in partnership with

***Planting:**

Full sun.

Well-drained soil.

After last frost, sow ½" deep and 18-24" apart

Grows to 48–72" height

***Harvest:**

60-75 days till fully grown

Excellent cut flower. Makes a beautiful and reliable display in the garden.

Flowers can be harvested tight, when color first shows, or when almost completely open.

Note that they will only provide one bloom form each plant
