

Sunflower

*Teddy Bear**

Large flower with minimal pollen

3-5" sunny, shaggy blooms

PERROT MEMORIAL LIBRARY
Seed Library

in partnership with

***Planting:**

Full sun.

Well-drained soil.

Plant after the last frost in groups of 3-4 seeds,
½" deep.

Thin to one plant when true leaves appear

Grows to 8–12" in containers; 35–42" in the
garden with 14-25" long stems

Space plants so that leaves do not touch.
Crowding promotes taller growth and weaker
stems

***Harvest:**

65-75 days till fully grown
